

U.S. BOAT TO GAZA

THE AUDACITY OF HOPE

To Gaza With Love

Sending personal letters to the people of Gaza

The U.S. Boat to Gaza Campaign is collecting thousands of personal letters to the people of Gaza from people like you in the U.S., in an act of friendship and solidarity. These letters will be carried as our cargo on the U.S. Boat to Gaza when it sets sail in May 2011 in the next International Freedom Flotilla.

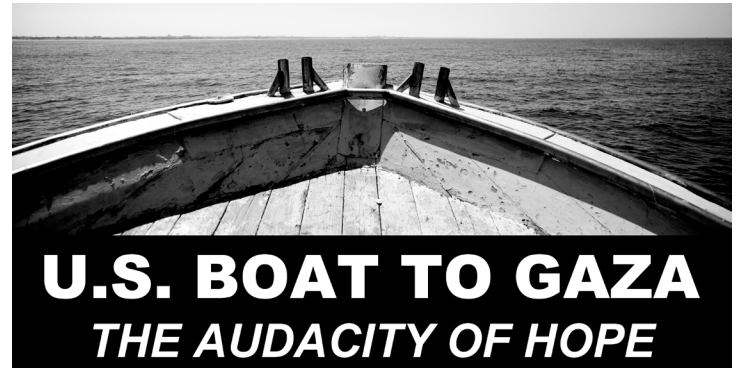

The Audacity of Hope will sail as a human rights mission to help end the illegal Israeli naval blockade of Gaza.

Alice Walker talked about the radical power of love to create change. The campaign To Gaza With Love allows you and thousands of other people to be part of that change.

WE WILL NOT BE SILENT • WE WILL BE HEARD
